Paper 2

9 September 2024
2 hours

READ THESE INSTRUCTIONS FIRST

Write your name, class and register number on all the work you hand in.

Write in dark blue or black pen on both sides of the paper.

You may use a soft pencil for any rough working.
Do not use paper clips, glue or correction fluid.

Answer **all** questions.

You may use a calculator.

The businesses mentioned in this question paper are entirely fictitious.

Where the columnar format is used, the running balance column should be updated for the first and last entries. Where applicable, the balance should be brought down to the next financial year.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

- 3 Alodia owns a bakery that specialises in online sale. On 1 May 2021, Alodia's business bought two identical vans costing \$90 000 each to ensure on time delivery of her product.

On 9 August 2023, the business sold one of the vans and received a cheque for \$60 000. On the same day, the business bought a new van on credit from Shiny Vans Ltd. The break down of cost related to this new van is as follows:

	\$
Cost of van	90 000
Yearly road tax for the van	3 000
Import tax for bringing van from Japan to Singapore	7 200
Monthly salary for the van driver	3 800
Painting of the company logo onto van	2 800
Petrol cost per month for the van	1 900

The business depreciates its motor vehicles at a rate of 20% per annum using the reducing balance method. A full year of depreciation is charged in the year of purchase, while no depreciation is charged in the year of sale. The business financial year ends 31 December.

REQUIRED

- (a) Explain using an accounting theory why Alodia will **not** include the measuring cup in her kitchen as a non-current asset.

.....

.....

.....

.....

.....

.....

.....

..... [2]

- (b) Calculate the depreciation expense of motor vehicles for the year ended 31 December 2023.

.....

.....

.....

.....

.....

.....

..... [2]

- (c) Prepare the journal entries to transfer the gain or loss on the sale of non-current asset on 31 December 2023. Narration is **not** required.

Alodia has two regular credit customers who requested for credit extension from 30 days to 45 days. She provided the following information about them.

	Linus Party	Marcus Meal
Nature of business	Party planners who mainly organise birthday parties for clients.	A bistro restaurant located in the heart of town, with regular customer base. The cakes Alodia provided for the restaurant is a favourite among customers.
History of repayment	Average of 33 days	Average of 42 days
Average trade receivables balance	\$25 000	\$12 000
Credit sales revenue in the past year	\$69 700	\$42 800
Reputation of business	Started business 2 years ago but has garnered attention for offering unique and innovative services.	Operating in the industry for 10 years and had been featured in both local and overseas media.
Industry Outlook	Business has started to wane post-Covid as fewer people are willing to spend on professionally planned parties and had chosen for simpler options.	The restaurant business has been growing post-Covid since more tourists are coming into Singapore.

REQUIRED

- (d)** Recommend whether Alodia should grant credit extension to Linus Party or Marcus Meal. Justify your decision with **three** reasons.

[illegible]

- 4 The following is extracted from the statements of financial position of two seafood retailers as at 30 June 2024.

	South Pac Live	Alaska Fresh
	\$	\$
Delivery Van	90 800	120 650
